Baths Features

There are many features in our bath range. Use the icons to help choose the right option for you.

Guarantees

Instinct Cast and Instinct Premiercast baths come with a 25 year guarantee. Our Freestanding baths come with a five, ten or twelve year guarantee.

Water Capacity

Total number of Litres the bath can hold safely.

Glass Thickness

Instinct bath screens feature 6mm toughened safety glass. Safety glass is around five times stronger than normal glass.

Reversible

Instinct bath screens are reversible for left or right hand applications.

Why choose an Instinct Cast or Premiercast bath?

Hand finished in the UK to the most exacting of standards, Instinct Cast and Premiercast baths are durable and strong with a reassuring substantial weight, perfect for all bathrooms.

Instinct Premiercast

The ultimate premium acrylic bath

All Instinct Premiercast baths are constructed by hand. Firstly the bath is formed from high quality 5mm acrylic, then a full timber supporting frame is added to both the base of the bath and the underside of the rim. This creates a strong base to then apply by hand, 7 layers of fibreglass core matting. Between each layer a resin bonding adhesive is applied which, when dry creates a super strong encapsulated bonded core. Finally the bath is coated with a mix of resin and blue paint, which provides a smooth and superstrength final bonded surface.

- 1 5mm colour match reinforced acrylic panels
- 2 Timber frame fully encapsulated with 7 layers of resin bonded fibreglass
- 3 Blue stoplight resin paint
- 4 Base board fully encapsulated with 7 layers of resin bonded fibreglass
- 5 5mm acrylic encapsulated with 7 layers of resin bonded fibreglass

Instinct Cast

Reinforced acrylic bath

All Instinct Cast baths are constructed by both hand and Automated processes, for efficiency and speed. The first process is to form the bath from high quality 5mm acrylic, then a full timber supporting frame is added to both the base of the bath and the underside of the rim. This creates a strong base for a Fibreglass sprayed layer to be applied, encapsulating the timber frame creating a durable and strong bath. Finally the bath is coated with a mix of resin and grey paint, which provides a smooth and strong final bonded surface.

- 1 5mm colour match reinforced acrylic panels
- 2 Timber frame fully encapsulated in spun resin for rigidity + strength
- 3 Grey stoplight resin paint
- 4 Base board fully encapsulated in spun resin
- 5 5mm acrylic with reinforced spun resin
